I have a password and username and After your documents are ready, begin publishing the documents on your web site. Go to the Media Library and click "Create a Document Library" in the top menu. In the Library Settings pane, select "Publish the document" to generate a unique URL. Place the link on your web site or blog. Download site: How to setup Choose the DLL file you downloaded by clicking the file name. Choose a folder to save your program on your computer. Browse to the folder and double-click on the file,Werner Beyschlag Werner Beyschlag (17 October 1938 – 8 November 2019) was a German mathematician and computer scientist. His areas of research included machine learning, database theory, optimization theory and ergodic theory. He was a Full Professor of the Faculty of Mathematics, Computer and Electrical Engineering of the Karlsruhe Institute of Technology. He was one of the co-authors of the textbook Nonlinear Programming. His research also covered topics such as min-max theorems in convex analysis. Personal life Beyschlag studied mathematics and philosophy at the University of Freiburg where he graduated with a Diplom in 1969 and in 1980 with a PhD. He then worked for a few years as an assistant professor at the ETH Zurich and at the University of Cambridge. In 1985 he became an associate professor at the Technical University of Berlin and Full Professor at the Karlsruhe Institute of Technology. From 2007 to 2011 he was a Heisenberg Professorship holder and an Honorary Professor of the Leibniz Universität Hannover. He received the Distinguished Scientist Award of the Swiss National Science Foundation and in 2007 was an invited speaker at the International Congress of Mathematicians in Madrid. He was married and had three children.
