Finally I can download my file from a different URL than the one that is above the directory that contains the files that I uploaded. The error is: File./public/students/mdv/2016-2017/ETL-00745-3-33.pdf has already been downloaded or is failing and will be retried. Path is proper. A: I see it is most likely related to the behavior of Appengine servers. To overcome this, I would suggest the following: Change your app.yaml (Server) to specify an app engine version higher than 1.9.43 which is currently supporting the mechanism that can be used for manual access to a file (when you specify the file directory you want to upload it to). As a second step, within the directory where you would like to upload your pdf-file to, try to specify a directory which is not public, but within the Appengine-sandbox (Upload it as "Signed" and then you will be able to access it. Our Wedding Day While getting our wedding dvds out from the vault and putting them in the player was a treat for the whole family, it was still the perfect time to take a break and tell you about our wedding day. We wanted to make sure our special day was perfect for our family and friends so we didn't want to be rushed at the last minute. For our friends, being relaxed and free on their wedding day was important and not everyone would be aware of the "need" to be ready at a certain time. It was also important for us to go "home" for a moment on our wedding day and for our guests to have a visit with family. We had been back for a few days and wanted them to have a few more hours with the grandparents, as they hadn't seen them since graduation. We like to take advantage of every day we have together before life starts again and enjoy what we have. When we planned our wedding, we knew exactly how many families we wanted to have a day with and the number of people we wanted to have at our reception. We expected big family gatherings but it was important to us to have a more intimate gathering with only a few people. The
